Name	Australia Bureau of Meteorology
Web	http://www.bom.gov.au/climate/
Description	<p>The Bureau of Meteorology is Australia's national weather, climate and water agency. Its expertise and services assist Australians in dealing with the harsh realities of their natural environment, including drought, floods, fires, storms, tsunamis and tropical cyclones. The Bureau contributes to national social, economic, cultural and environmental goals by providing observational, meteorological, hydrological and oceanographic services and by undertaking research into science and environment related issues in support of its operations and services.</p>
Logo	 <p>The logo features the Australian Coat of Arms on the left, which depicts two kangaroos flanking a shield with a seven-pointed star. To the right of the coat of arms, the text "Australian Government" is written in a serif font, followed by a horizontal line and then "Bureau of Meteorology" in a similar serif font. The entire logo is set against a dark blue background with a subtle star pattern.</p>
