| <b>Name</b>        | Center for Science and Technology Policy Research  |
| <b>Web</b>         | <a href="http://sciencepolicy.colorado.edu/">http://sciencepolicy.colorado.edu/</a>  |
| <b>Description</b> | The Center for Science and Technology Policy Research was initiated within the Cooperative Institute for Research in Environmental Sciences (CIRES) at the University of Colorado-Boulder in the summer of 2001 as a contribution both to the CIRES goal of “promoting science in service to society” and to the University’s vision of establishing research and outreach across traditional academic boundaries. CSTPR seeks to improve how science and technology policies address societal needs, through research, education and service. |
| <b>Logo</b>        | The logo for the Center for Science & Technology Policy Research. It features the text "CENTER & FOR SCIENCE & TECHNOLOGY POLICY RESEARCH" in a bold, sans-serif font. The ampersand and the word "SCIENCE" are in blue, while the other words are in black. To the right of the text is a stylized graphic of a city skyline or data points in blue.  |
| <b>Contact</b>     | Roger Pielke, Jr., <a href="mailto:pielke@colorado.edu">pielke@colorado.edu</a> , Professor of Environmental Studies   |
