Name	Global Observing Systems Information Center
Web	http://gosis.org/
Description	The Global Observing Systems Information Center is hosted at the NOAA National Climatic Data Center (NCDC) and provides an information center that facilitates the search of and access to data, data products, metadata and information for the Global Climate Observing System (GCOS), Global Ocean Observing System (GOOS) and the Global Terrestrial Observing System (GTOS) and their partner programs such as the Global Atmosphere Watch (GAW) and the regional observing systems such as the GOOS Regional Alliances (GRA).
Logo	The logo for the Global Observing Systems Information Center (GOSIC) is displayed on a dark blue background. The word "GOSIC" is written in large, white, bold letters. Below it, the text "Global Observing Systems Information Center" is written in a smaller, white font. To the right of the text are two circular icons: the top one is the logo for the Global Ocean Observing System (GOOS) and the bottom one is the logo for the Global Terrestrial Observing System (GTOS).
Contact	Howard Diamond, howard.diamond@noaa.gov , U.S. GCOS Program Manager
