|-------------|---|
| Name | Joint Institute for the Study of the Atmosphere and Ocean |
| Web | http://jisao.washington.edu/index.html |
| Description | The Joint Institute for the Study of the Atmosphere and Ocean has existed since 1977 for the purpose of fostering research collaboration between the University of Washington (UW) and the National Oceanic and Atmospheric Administration (NOAA). JISAO's research is at the forefront of investigations on climate change, ocean acidification, fisheries assessments, and tsunami forecasting. |
| Logo |  The logo for the Joint Institute for the Study of the Atmosphere and Ocean (JISAO) features the acronym "JISAO" in a large, blue, serif font. To the right of the acronym, the full name "Joint Institute for the Study of the Atmosphere and Ocean" is written in a smaller, black, sans-serif font. A small, orange, five-pointed starfish is positioned to the right of the text. |
