| Name | Coral Reef Conservation Program |
| Web | http://coralreef.noaa.gov/ |
| Description | The NOAA Coral Reef Conservation Program is a partnership between the NOAA Line Offices that work on coral reef issues: the National Ocean Service, the National Marine Fisheries Service, the Office of Oceanic and Atmospheric Research, and the National Environmental Satellite, Data and Information Service. The CRCP brings together expertise from across NOAA for a multidisciplinary approach to managing and understanding coral reef ecosystems. |
| Logo | The logo for the NOAA Coral Reef Conservation Program. It features a circular emblem on the left containing a stylized white coral reef structure against a blue background. To the right of the emblem, the text "NOAA" is in a smaller font, "CORAL REEF" is in a large, bold, white font, and "CONSERVATION PROGRAM" is in a smaller font below it, all set against a light blue background. |
