<b>Name</b>	NWS Climate Prediction Center
<b>Web</b>	<a href="http://www.cpc.ncep.noaa.gov/">http://www.cpc.ncep.noaa.gov/</a>
<b>Description</b>	The Climate Prediction Center's products are operational predictions of climate variability, real-time monitoring of climate and the required data bases, and assessments of the origins of major climate anomalies. The products cover time scales from a week to seasons, extending into the future as far as technically feasible, and cover the land, the ocean, and the atmosphere, extending into the stratosphere.
<b>Logo</b>	The logo for the National Weather Service Climate Prediction Center. It features the NOAA logo on the left, which consists of a blue circle with a white wave and the letters "NOAA" above it. To the right of the NOAA logo, the text "National Weather Service" is written in white, and "Climate Prediction Center" is written in a larger, bold white font below it. The entire logo is set against a blue background.
