Name	NWS Pacific Region Headquarters
Web	http://www.prh.noaa.gov/
Description	The Pacific Region of the National Weather Service (NWS) administers the programs and facilities of the NWS throughout a large expanse of the Pacific. This area includes the Islands of Hawaii, Guam and the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and south to American Samoa. The Pacific Tsunami Warning Center and the International Tsunami Information Center are also administered by the NWS Pacific Region, providing Pacific-basin tsunami watches, warnings, and information and educational services to the disaster preparedness community and the general public.
Logo	The logo for the National Weather Service Pacific Region Headquarters. It features the NOAA logo on the left, which includes a stylized bird and the letters "NOAA". To the right of the logo, the text "National Weather Service" is written in a smaller font, and "Pacific Region Headquarters" is written in a larger, bold font, all on a blue background.
Contact	Bill Ward, bill.ward@noaa.gov , Chief, Environmental Scientific and Services Division
