<b>Name</b>	Pacific ENSO Applications Climate Center
Web	<a href="http://www.prh.noaa.gov/peac/">http://www.prh.noaa.gov/peac/</a>
Description	The mission of the Pacific ENSO Applications Climate Center is to conduct research and develop information products specific to the U.S. Associated Pacific Islands (USAPI) on the ENSO climate cycle, its historical impacts, and latest long-term forecasts of ENSO conditions, in support of planning and management activities in such climate-sensitive sectors as water resource management, fisheries, agriculture, civil defense, public utilities, coastal zone management, and other economic and environmental sectors of importance to the communities of the USAPI.
Logo	 The logo is a blue rectangular banner. On the left is the NOAA logo (a stylized bird). To the right of the NOAA logo, the text "National Weather Service" is written in white. Below that, "Pacific ENSO Applications Climate Center" is written in a larger white font.
Contact	LTJG G. Carl Noblitt, <a href="mailto:peac@noaa.gov">peac@noaa.gov</a> , Outreach Officer
