Name	Pacific Islands Global Ocean Observing System
Web	https://www.sprep.org/pi-goos
Description	The Pacific Islands Global Ocean Observing System, PI-GOOS, is housed at SPREP. The position is funded by the US National Oceanographic and Atmospheric Administration (NOAA), the Australian Bureau of Meteorology (BoM) and the Intergovernmental Oceanographic Commission (IOC) Perth office. PI-GOOS aims to raise the awareness of, and support for ocean observing systems in the Pacific Islands region. We also aim to identify and address gaps in the Pacific Ocean observing network.
Logo	The logo for PI-GOOS features the text "PI-GOOS" in large, blue, 3D-style letters. Below it, the text "Pacific Islands Global Ocean Observing System" is written in a smaller, yellow font. The background of the logo is a photograph of a tropical beach with blue water, white sand, and a large rock.
Contact	Tommy Moore, tommym@sprep.org , PI-GOOS Officer
