Name	Pacific Regional Integrated Science and Assessment Program
Web	<a href="http://www.pacificrisa.org/cms/">http://www.pacificrisa.org/cms/</a>
Description	<p>The Pacific RISA program supports Pacific island and coastal communities to mitigate and adapt to the impacts of climate variability and change. We strive to enhance Pacific communities' abilities to understand, plan for, and respond to changing climate conditions. Our work is conducted through interdisciplinary research and partnership with local, national, and regional stakeholders. As one of nine U.S. RISA programs, the Pacific RISA emphasizes the engagement of communities, governments, and businesses in developing effective policies to build resilience in key sectors such as water resource management, coastal and marine resources, fisheries, agriculture, tourism, disaster management and public health.</p>
Logo	<p>The logo for Pacific RISA consists of a stylized bird (possibly a frigatebird) in flight over three wavy lines representing water. To the right of this icon, the text "Pacific RISA" is written in a large, bold, black font, and below it, the tagline "managing climate risk in the Pacific" is written in a smaller, blue, italicized font.</p>
Contact	Victoria Keener, KeenerV@EastWestCenter.org, Lead Investigator
