

Piko Partners & Programs Wed Apr 17 12:02:41 HST 2024

Name	Pacific Regional Integrated Science and Assessment Program
Web	http://www.pacificrisa.org/cms/
Description	The Pacific RISA program supports Pacific island and coastal communities to mitigate and adapt to the impacts of climate variability and change. We strive to enhance Pacific communities' abilities to understand, plan for, and respond to changing climate conditions. Our work is conducted through interdisciplinary research and partnership with local, national, and regional stakeholders. As one of nine U.S. RISA programs, the Pacific RISA emphasizes the engagement of communities, governments, and businesses in developing effective policies to build resilience in key sectors such as water resource management, coastal and marine resources, fisheries, agriculture, tourism, disaster management and public health.
Logo	<p>The logo for Pacific RISA features a stylized sailboat on the left and the text "Pacific RISA" in a large, bold, serif font on the right. Below the text, the tagline "managing climate risk in the Pacific" is written in a smaller, blue, sans-serif font.</p>
