|-------------|---|
| Name | Pacific Island Network |
| Web | http://science.nature.nps.gov/im/units/pacn/ |
| Description | PACN is one of 32 National Park Service Inventory and Monitoring networks of national parks linked by geography and shared natural resource characteristics. The Inventory and Monitoring Program is a major component of the National Park Service's strategy to improve park management through greater reliance on scientific information. |
| Logo |  The logo for the Pacific Island Network consists of a photograph of a coastal landscape with a prominent rock formation in the water, and a teal rectangular box to the right containing the text "Pacific Island Network" in white. |
