Name	Water and Environmental Research Institute
Web	http://www.weriguam.org/about-weri
Description	The Water and Environmental Research Institute of the Western Pacific was established at the University of Guam in May 1975. The role of the Institute is to facilitate and conduct high quality research that addresses water problems and water-related phenomena; train students, teachers and future water resource professionals, and disseminate research results to the community at large.
Logo	The logo for the Water and Environmental Research Institute (WERI) of the University of Guam. It features a blue water droplet shape on the left containing a white palm tree. To the right of the droplet, the word "WERI" is written in large, bold, blue letters. Below "WERI", the text "WATER AND ENVIRONMENTAL RESEARCH INSTITUTE OF THE WESTERN PACIFIC UNIVERSITY OF GUAM" is written in smaller, blue, sans-serif capital letters. The entire logo is set against a background of blue wavy lines representing water.
