Name	Joint Institute for Marine and Atmospheric Research
Web	http://www.soest.hawaii.edu/jimar/index.html
Description	The Joint Institute for Marine and Atmospheric Research was created in 1977 by an agreement between the Environmental Research Laboratories (ERL) of NOAA and the University of Hawaii at Manoa. JIMAR was established to pursue the common research interests of NOAA and the UH in oceanic, atmospheric, and geophysical research. Major areas of research in JIMAR include climate and global change, equatorial oceanography, tsunamis, and fisheries oceanography.
Logo	 <p>The logo for the Joint Institute for Marine and Atmospheric Research (JIMAR) features the word "JIMAR" in large, bold, blue letters. To its right, the full name "Joint Institute for Marine and Atmospheric Research" is written in a smaller blue font. Below this, a line of small text reads "IN THE SCHOOL OF OCEAN AND EARTH SCIENCE AND TECHNOLOGY AT THE UNIVERSITY OF HAWAII AT MANOA". On the far right is a circular seal with a blue and white design, including a mountain and waves.</p>
