Description	<p>The Joint Institute for Marine and Atmospheric Research was created in 1977 by an agreement between the Environmental Research Laboratories (ERL) of NOAA and the University of Hawaii at Manoa. JIMAR was established to pursue the common research interests of NOAA and the UH in oceanic, atmospheric, and geophysical research. Major areas of research in JIMAR include climate and global change, equatorial oceanography, tsunamis, and fisheries oceanography.</p>
Logo	<p>The logo for the Joint Institute for Marine and Atmospheric Research (JIMAR) features the word "JIMAR" in large, blue, sans-serif letters. To its right, the full name "Joint Institute for Marine and Atmospheric Research" is written in a smaller blue font. Below this text is a horizontal banner with a blue sky and white clouds. At the bottom of the banner, the text "IN THE SCHOOL OF OCEAN AND EARTH SCIENCE AND TECHNOLOGY AT THE UNIVERSITY OF HAWAII AT MANOA" is written in small, black, all-caps letters. On the right side of the banner is a circular seal containing a stylized mountain and ocean scene.</p>
