Name	Western Regional Climate Center
Web	http://www.wrcc.dri.edu/
Description	The mission of the Western Regional Climate Center is to disseminate high quality climate data and information pertaining to the western United States; foster better use of this information in decision-making; conduct applied research related to climate issues; and improve the coordination of climate-related activities at state, regional and national scales.
Logo	 The logo for the Western Regional Climate Center consists of a map of the western United States, including Alaska and Hawaii, with the states colored in various colors (yellow, green, red, blue, cyan, magenta, grey). To the right of the map, the text "Western Regional Climate Center" is written in a large, black, sans-serif font.
