Projects and ActivitiesWed Mar 27 23:08:10 HST 2024

Name	Preparedness for Climate Change
Capability Area: Impacts/Adaptations	- Understanding Climate Impacts and Informing Adaptation - Climate Adaptation - Training and Capacity Building, Education, Outreach - Policies and Legislation - Assessment and Evaluation
Sectors	- Public Health and Safety - Community Planning and Development
Status	- Ongoing
Focus Area	- Coastal Inundation/Sea Level Rise, Extreme Weather, and Community Resilience
Regions	- South Pacific - Cook Islands - Kiribati - Solomon Islands - Tonga - Global
Description	The aim of this program was for the Red Cross and Red Crescent National Societies in countries particularly vulnerable to climate change to gain a better understanding of climate change and its impacts to identify country-specific adaptation measures in line with risks. The project was Global including 39 countries. The Pacific participants in Phase 1 were the Cook Islands, Kiribati, Solomon Islands, and Tonga.
Objectives/Outcomes	Activities could include organizing a workshop on risks, assessment of risks through preparation of a background document, capacity building programs, and developing climate change resilient plans.
Lead Agencies	National Red Cross/Red Crescent Societies
Partnering Agencies	The information for this activity was provided by the Adaptation Partnership from their Pacific chapter review of planned and existing adaptation activities. These reviews provide an inventory of regional and country-level adaptation activities and a summary of key adaptation priorities, based on documents like the UN Framework Convention on Climate Change's National Adaptation Programs of Action and National Communications. They also identify gaps and opportunities for scaling up and enhancing collaboration. For more information see: http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf

Required Resources	Red Cross/Red Crescent Climate Centre
Projected Timelines	Phase 1: 2006–2009, Phase 2: ongoing
