<b>Name</b>	Cook Islands Infrastructure Development Project - Increasing Climate Resilience of Island Infrastructure
<b>Capability Area: Impacts/Adaptations</b>	<ul style="list-style-type: none"> <li>- Understanding Climate Impacts and Informing Adaptation</li> <li>- Climate Adaptation</li> <li>- Training and Capacity Building, Education, Outreach</li> </ul>
<b>Sectors</b>	<ul style="list-style-type: none"> <li>- Fresh Water Resources</li> <li>- Energy</li> <li>- Transportation/Communication and Commerce</li> </ul>
<b>Status</b>	- Proposed
<b>Focus Area</b>	<ul style="list-style-type: none"> <li>- Fresh Water Resources and Drought</li> <li>- Coastal Inundation/Sea Level Rise, Extreme Weather, and Community Resilience</li> </ul>
<b>Regions</b>	<ul style="list-style-type: none"> <li>- South Pacific</li> <li>- Cook Islands</li> </ul>
<b>Description</b>	This project aims to promote environmentally sound development of infrastructure for power, water supply, sanitation, solid waste, and transport in support of the Government's pro-poor objectives.
<b>Partnering Agencies</b>	<p>The information for this activity was provided by the Adaptation Partnership from their Pacific chapter review of planned and existing adaptation activities. These reviews provide an inventory of regional and country-level adaptation activities and a summary of key adaptation priorities, based on documents like the UN Framework Convention on Climate Change's National Adaptation Programs of Action and National Communications. They also identify gaps and opportunities for scaling up and enhancing collaboration. For more information see:</p> <p><a href="http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf">http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf</a></p>
<b>Required Resources</b>	Proposed to the SCCF = \$5,000,000; Proposed co-fin = \$16,100,000 (ADB agency)
