|--------------------------------------|---|
| <b>Name</b>                          | Mainstreaming Gender Aspects in Climate Change Adaptation and Low-Carbon Development  |
| Capability Area: Impacts/Adaptations | <ul style="list-style-type: none"> <li>- Understanding Climate Impacts and Informing Adaptation</li> <li>- Climate Adaptation</li> <li>- Training and Capacity Building, Education, Outreach</li> </ul>   |
| Sectors                              | - Social and Cultural Resources   |
| Status                               | - Ongoing   |
| Focus Area                           | - Coastal Inundation/Sea Level Rise, Extreme Weather, and Community Resilience  |
| Regions                              | <ul style="list-style-type: none"> <li>- Western North Pacific</li> <li>- RMI</li> <li>- South Pacific</li> <li>- Kiribati</li> <li>- Other South Pacific</li> </ul>  |
| Description                          | This project contributes to mainstreaming gender into climate change adaptation and low-carbon development measures in climate policy.  |
| Objectives/Outcomes                  | It produces training material and over the long term will improve the adaptive capacity of local communities in Bangladesh and the Pacific region.  |
| Lead Agencies                        | GenerCC–Women for Climate Justice, Centre for Global Change, SPC  |
| Partnering Agencies                  | The information for this activity was provided by the Adaptation Partnership from their Pacific chapter review of planned and existing adaptation activities. These reviews provide an inventory of regional and country-level adaptation activities and a summary of key adaptation priorities, based on documents like the UN Framework Convention on Climate Change's National Adaptation Programs of Action and National Communications. They also identify gaps and opportunities for scaling up and enhancing collaboration. For more information see:<br><a href="http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf">http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf</a> |
| Required Resources                   | German Federal Ministry for the Environment, Nature Conservation, and Nuclear Safety, Budget: €451,339  |
| Projected Timelines                  | 2010-2013   |
