<b>Name</b>	Reducing Climate Risks to Food Security in Niue through Integrated Community-based Adaptation Measures and Related Institutional Strengthening
<b>Capability Area: Impacts/Adaptations</b>	<ul style="list-style-type: none"> <li>- Understanding Climate Impacts and Informing Adaptation</li> <li>- Climate Adaptation</li> <li>- Training and Capacity Building, Education, Outreach</li> </ul>
<b>Sectors</b>	- Agriculture and Fisheries
<b>Status</b>	- Proposed
<b>Focus Area</b>	- Marine and Terrestrial Ecosystems
<b>Regions</b>	<ul style="list-style-type: none"> <li>- South Pacific</li> <li>- Other South Pacific</li> </ul>
<b>Description</b>	The project will strengthen ability of communities and government officers in Niue to make informed decisions and manage likely climate change driven pressures in food-security related sectors, such as agriculture, fisheries and forestry, in an integrated way. Reviewed at the Adaptation Fund Board in November 2010 but not endorsed.
<b>Lead Agencies</b>	Proposed Implementing Agency: USAID
<b>Partnering Agencies</b>	The information for this activity was provided by the Adaptation Partnership from their Pacific chapter review of planned and existing adaptation activities. These reviews provide an inventory of regional and country-level adaptation activities and a summary of key adaptation priorities, based on documents like the UN Framework Convention on Climate Change's National Adaptation Programs of Action and National Communications. They also identify gaps and opportunities for scaling up and enhancing collaboration. For more information see: <a href="http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf">http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf</a>
<b>Required Resources</b>	Budget: US\$3,465,000
