Projects and ActivitiesFri Mar 29 04:00:16 HST 2024

Name	Reducing Climate Risks to Food Security in Niue through Integrated Community-based Adaptation Measures and Related Institutional Strengthening
Capability Area: Impacts/Adaptations	- Understanding Climate Impacts and Informing Adaptation - Climate Adaptation - Training and Capacity Building, Education, Outreach
Sectors	- Agriculture and Fisheries
Status	- Proposed
Focus Area	- Marine and Terrestrial Ecosystems
Regions	- South Pacific - Other South Pacific
Description	The project will strengthen ability of communities and government officers in Niue to make informed decisions and manage likely climate change driven pressures in food-security related sectors, such as agriculture, fisheries and forestry, in an integrated way. Reviewed at the Adaptation Fund Board in November 2010 but not endorsed.
Lead Agencies	Proposed Implementing Agency: USAID
Partnering Agencies	The information for this activity was provided by the Adaptation Partnership from their Pacific chapter review of planned and existing adaptation activities. These reviews provide an inventory of regional and country-level adaptation activities and a summary of key adaptation priorities, based on documents like the UN Framework Convention on Climate Change's National Adaptation Programs of Action and National Communications. They also identify gaps and opportunities for scaling up and enhancing collaboration. For more information see: http://www.adaptationpartnership.org/images/stories/documents/asia - pacific regional and country profiles.pdf
Required Resources	Budget: US$3,465,000
