Description	This project will extend USAID's reach to remote communities by supporting the following efforts of Peace Corps volunteers: 1) development of youth camps that promote environmental awareness, knowledge and skills among the youth to become responsible natural resource stewards; 2) trainings that support community adaptation to climate change and build capacity for disaster risk reduction (DRR); and 3) small-scale community projects that can demonstrate application of climate change and DRR principles.
Lead Agencies	U.S. Peace Corps, USAID
Projected Timelines	FY13-FY17
